

Stanley Park Nature Trail

Lakes, meadows, grassland, scrub and woodland can be found in the heart of Blackpool's Stanley Park, where you can enjoy a wealth of wildlife all year round. Whether you are bird watching, having a family day out or walking the dog, we hope you enjoy your visit.

Safety

The trail paths run very close to deep water in places. Please keep a close eye on children. Swimming or ice skating are forbidden, there is a danger of drowning. In the event of an emergency, a telephone is located in the Stanley Park Visitor Centre. If this is closed, the nearest telephone is opposite Victoria Hospital, East Park Drive.

Dogs are welcome but they must be kept on a lead at all times.
